Dear Graduate Administrators,

This is a brief reminder that Friday, January 12 was the registration deadline for students starting in the Winter 2018 session. On the evening of Wednesday, January 17, any remaining students still at an INVIT status had their records financially cancelled (FINCA’d). Any course enrolments were cancelled.

Students who register after Wednesday will have to pay the $44.00 late registration fee. Instead of being asked to complete a paper form to be submitted in person or by email to SGS, students are now able to complete an online form and submit the $44.00 late fee electronically using their credit card.

Students access the eForm through the following link: [https://apps.sgs.utoronto.ca](https://apps.sgs.utoronto.ca). The system will ask students to login using theirUTORid, which will populate the form with their degree information from ROSI. Once submitted, the SGS Student Academic Services team will electronically receive the request and change the student’s registration status from “FINCA” to “INVIT”.

The student or the unit will need to re-enrol the student in courses by the course enrolment deadline of January 22.

If you have questions about this, please let your Student Services Assistant know.

Thank you
Victoria
