

Request to Re-register

For PhD students who started their program after September 1, 2010 AND master's, flexible-time PhD, professional doctoral students who started their program after September 1, 2011.

Students who fail to register during a program requiring continuity of registration and who do not have an approved leave may only apply to re-register if at the time of application they are still within the maximum allowable time for the degree program (normal time limit plus maximum extension years). A student wishing to re-register must apply to the relevant graduate unit. Reinstatement requires approval from both the graduate unit and SGS. The program's normal requirements and time limits will apply to reinstated students as if they had been continuously registered, and reinstated students in programs requiring continuity of registration must pay fees owing for any session(s) in which they did not register including program extension year(s).
