Acknowledgement of Traditional Land

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

Faculty of Nursing students celebrate Convocation

A Culture of Inclusive Excellence

The University of Toronto has a long-standing and fundamental commitment to promoting equity, diversity, and inclusion. We recognize that a diverse campus and a culture of inclusive excellence are essential to the foundation of our institution.

From creating pathways for under-represented students to offering anti-racism and anti-bias training for the U of T community, we are committed to providing a learning environment that works for everyone.

“

Inclusive excellence embodies the recognition that not only is post-secondary education enriched by equity, diversity, and inclusion; equitable inclusion is critical to excellence.”

Scarborough Charter on Anti-Black Racism and Black Inclusion in Canadian Higher Education: Principles, Actions, and Accountabilities

Toronto: Global City

In Canada's most multicultural city, you'll work alongside some of the best minds from around the world.

industry in
North America

The University of Toronto is Canada's top university—routinely ranked #1 for funding, innovation, and research output. Our students and faculty are visionaries from around the globe. Across programs and disciplines, they ask the big questions, boldly addressing the most pressing challenges of our time.

Ideas and opportunities abound in Toronto, a major hub for innovation in technology, finance, and the arts. Walk down Bay Street, and feel the beating heart of the country's largest business district. Visit our world-class museums and galleries, and savour the latest in arts and public discourse. Make your mark at one of our 15,000+ technology firms, or join forces with the leading researchers at our renowned hospitals.

Whatever your passion, your future begins here.

Research Opportunities

A lifetime of learning and exploration.

The training and experience you'll acquire at U of T will give you the tools to drive change and excel in virtually any field—whether you go on to teach and do research at a university, take a role in government, start a private enterprise, or embark on a professional career.

The Master of Professional Kinesiology program offers students a mix of classroom and experiential education

Our Strategic Research Plan highlights the scope of scholarship at U of T and identifies seven interconnected thematic areas that are designed to facilitate excellence and collaboration, and to address issues of local, national, and global importance:

Discover
Our Understanding of Humanity and the Universe

Sustain
Societies, the Environment, and Natural Resources

Promote
Healthy People, Healthy Communities, and a Healthy World

Engage
Language, Culture, Art, and Values

Advance
Governance, Diversity, and Social Justice

Innovate
Technologies for the Future

Build
Community and Livable Societies

Other ways to study at U of T

International Visiting Graduate Student Program (IVGS)

Graduate students enrolled in research-based programs at recognized international universities can undertake some of their research with a supervisor at U of T, even in the absence of a formal exchange agreement.

Learn more: uoft.me/IVGS

Joint Educational Placements (JEP)

Pursue your doctoral degree program under the joint supervision of faculty from U of T and a collaborating Canadian or international university.

Learn more: uoft.me/jep

Did you know?

- U of T graduate students secure over \$30 million in federal research funding each year.
- In 2021–22, U of T issued 872 Ontario Graduate Scholarships worth \$15,000 each.
- In 2021–22, 360 U of T master's students won federal research awards worth \$17,500 each.
- In 2019, SGS provided \$389,651.50 in research travel grants to 106 students in the humanities and social sciences.

I receive excellent support from my supervisors and I am beginning to build an academic support system, which is very important when you pursue a PhD.”

Mariam Olafuyi, PhD Candidate, Law

Combined Degree Programs

Undergraduate / Master's Degree Programs

Bachelor of Applied Science (BASc) in Engineering /
Master of Business Administration (MBA) in Management

Bachelor of Business Administration (BBA) / Master of Accounting and Finance (MAccFin) *

Bachelor of Kinesiology (BKIn) / Master of Teaching (MT)

Bachelor of Physical and Health Education (BPHE) / Master of Teaching (MT)
(this combined degree program will close in August 2025)

Honours Bachelor of Arts (HBA) / Master of Arts (MA) in Child Study and Education *

Honours Bachelor of Arts (HBA) / Master of Science in Sustainability Management (MScSM) *

Honours Bachelor of Arts (HBA) / Master of Teaching (MT) *

Honours Bachelor of Science (HBSc) / Master of Engineering (MEng) *

Honours Bachelor of Science (HBSc) / Master of Environmental Science (MEnvSc) *

Honours Bachelor of Science (HBSc) / Master of Science in Sustainability Management (MScSM) *

Honours Bachelor of Science (HBSc) / Master of Social Work (MSW) *

Honours Bachelor of Science (HBSc) / Master of Teaching (MT) *

Bachelor of Music (MusBac) / Master of Teaching (MT) *

Second-Entry Undergraduate / Master's Degree Programs

Doctor of Medicine (MD) / Master of Business Administration (MBA) in Management

Juris Doctor (JD) / Master of Arts (MA) *

Juris Doctor (JD) / Master of Business Administration (MBA) in Management

Juris Doctor (JD) / Master of Global Affairs (MGA)

Juris Doctor (JD) / Master of Information (MI)

Juris Doctor (JD) / Master of Public Policy (MPP)

Juris Doctor (JD) / Master of Social Work (MSW)

Juris Doctor (JD) / Master of Business Administration (MBA) in Management

Doctor of Pharmacy (PharmD) / Master of Business Administration (MBA) in Management

Second-Entry Undergraduate / Doctoral Degree Programs

Doctor of Medicine (MD) / Doctor of Philosophy (PhD) *

Juris Doctor (JD) / Doctor of Philosophy (PhD) *

Master's / Master's Degree Programs

Master of Business Administration (MBA) in Management / Master of Global Affairs (MGA)

Master of Information (MI) / Master of Museum Studies (MMSt)

* Eligibility is limited to students in particular programs and/or campuses.

Diaspora and Transnational Studies (MA, MEd, MSc, EdD, PhD)	Mediterranean Archaeology (PhD)	Workplace Learning and Social Change (MA, MEd, MIRHR, MSc, EdD, PhD)
Education, Francophonies, and Diversity (MA, MEd, EdD, PhD)	Musculoskeletal Sciences (MAsc, MSc, PhD)	

Eligibility is limited to students in particular programs and/or campuses. Please check the SGS Calendar for details. sgs.calendar.utoronto.ca

Apply Now

Join the University of Toronto and become part of a vibrant intellectual community.

International and domestic students follow the same process for applying to graduate school, but some admission requirements may be different. Review the information below to better understand what is required, and follow this four-step process.

1

Choose your program

Explore our programs. Chances are, we've got what you're looking for.

uoft.me/graduate-programs

2

Learn about admission requirements

Confirm your program's admission requirements by consulting the SGS Calendar.

sgs.calendar.utoronto.ca

Visit the program's website to confirm application procedures and deadlines. Some requirements to consider: prerequisite degrees and courses, minimum GPA, application deadlines, and confirmation of supervision.

uoft.me/graduate-programs

3

Prepare your application

Review all the admission requirements for your chosen program.

Plan enough time to submit your application and all supporting documents before the deadline.

uoft.me/admission-requirements

4

Apply online

Apply through our graduate application system. Set aside 30–60 minutes to create a personal profile on our online application system, including your personal information and academic history.

uoft.me/online-application

King's College Circle,
St. George campus

Planning Your Finances

The cost of a university education is a combination of both tuition fees and living expenses.

Domestic students

Tuition fees for domestic graduate students for 2022–23 range from approximately **\$6,210** to **\$58,124** depending on the program.
uoft.me/tuition-fees

International students

Tuition fees for international graduate students for 2022–23 range from approximately **\$6,210** to **\$79,880** depending on the program.

To see a breakdown of the various costs you may need to budget, use our Financial Planning Calculator.
uoft.me/financial-planner

The University of Toronto is committed to financial support of graduate students in PhD programs and many other doctoral stream programs—including support to cover tuition and a minimum living stipend for a specified period, often up to five years of study. Check with your program about eligibility.
uoft.me/research-stream-funding

Did you know?

To attract the most promising researchers, U of T has matched international program fees for PhD programs to domestic fees. For our PhD programs, domestic and international students pay the same tuition!

Types of Funding and Financial Aid

- U of T fellowships
- Teaching assistantships
- Research assistantships
- Scholarships and awards
- Government grants and loans
- Work-study programs

Check what funding is available:
